FORWARD

While we live in a world where music has become mostly entertainment and musicians are entertainers who can become the focus of great attention, the Catholic Church teaches that music is the handmaid of the liturgy. That means I am called to be a servant, not a performer. I try to place ego aside and serve to support the flow of the liturgy by focusing on worship, by supporting the voices of the congregation in singing, and by trying to keep the transition between musical pieces and spoken prayer as seamless as possible. Above all, I try to remember that my audience at Mass is God, not the congregation. It is a challenge to keep my focus heavenward while juggling the many details I must attend to during a Mass, yet it is worth the effort.

I personally believe that music is God's first language. Just consider how often the Psalmist tells us to *sing and praise God with music* or to *sing a new song*. Also, consider the heavenly choirs who continuously sing and praise God with music. As musicians, we are privileged to speak and communicate deeply with God through the language of music. It is my prayer for you and for all church musicians that our musical talents will lead us closer to the One who gave us the precious gift of music.

Peace,

Jim Nailon

Children of the Heavenly Father

Arr. for Guitar by Jim Nailon

Trad. Swedish Melody

The first system of guitar notation consists of a treble clef staff and a bass staff. The treble staff contains a melody in 3/4 time with a key signature of two sharps (F# and C#). It includes four measures of music, each with a chord symbol above it: D*, A, E, and A. Each of these measures is marked with 'harm.' above the staff. The bass staff contains a bass line with fingerings (0, 11, 12, 9, 11, 7, 9) and a final measure with a 3/4 time signature. A large, diagonal 'SAMPLE' watermark is overlaid across the system.

**Chords are only given to indicate the basic harmony.*

The second system of guitar notation continues the melody and bass line. It starts with a measure 6 marker. The treble staff shows chords A, E, D, and A (with a SUS4 chord). The bass staff includes fingerings (2, 2, 2, 2, 1, 2, 3, 2, 0, 2, 0, 3, 3, 4, 2, 2, 3, 0). A large, diagonal 'SAMPLE' watermark is overlaid across the system.

The third system of guitar notation continues the melody and bass line. It starts with a measure 10 marker. The treble staff shows chords D, A, E, and A. The bass staff includes fingerings (2, 3, 2, 5, 7, 7, 7, 0, 0, 3, 1, 0, 0, 1, 2, 2, 0). A large, diagonal 'SAMPLE' watermark is overlaid across the system.

The fourth system of guitar notation continues the melody and bass line. It starts with a measure 14 marker. The treble staff shows chords A, E, D, and A. The bass staff includes fingerings (2, 0, 3, 0, 2, 1, 1, 2, 0, 2, 3, 0, 3, 0, 3, 0, 2, 2, 3, 0). A large, diagonal 'SAMPLE' watermark is overlaid across the system.

The image displays a musical score for the piece "Panis Angelicus (cont.)". It is a guitar arrangement featuring a treble clef staff with standard musical notation and a tablature staff below it. The score is divided into measures, with measure numbers 18, 22, 25, 27, and 31 indicated at the beginning of their respective systems. Chord symbols (C, F, G, G7, C, Am, D7, C7, Dm7, I, F) are placed above the treble staff to indicate the harmonic structure. The tablature staff uses numbers 0-4 to represent fret positions and includes various musical symbols such as slurs, ties, and accidentals. A large, bold, black watermark with the word "SAMPLE" is oriented diagonally across the center of the page, partially obscuring the musical notation.

4 G C F

I F

**If you can play the low F with your thumb (without using a barre), the F# can be G natural, which sounds better. That's how I play it, but I have tried to make the arrangements available to everyone, including those with smaller hands who cannot reach around the neck with their thumbs.

The image displays a musical score for the song "There's a Land That Is Fairer than Day (cont.)". It consists of five systems of music, each with a guitar staff (treble clef) and a tenor/bass staff (alto and bass clefs). The guitar staff contains melodic lines with various note values, rests, and fingerings. The tenor/bass staff contains accompaniment with fingerings and some triplets. A large, diagonal "SAMPLE" watermark is overlaid across the entire page. The score includes measure numbers 13, 15, 17, 21, and 25. Key signatures and time signatures are indicated: key of F major (one flat) and 2/2 time. A tempo marking of "♩ = 144" is present at measure 17. Section markers "I" are placed above measures 13 and 25. Chord symbols "C" and "G" are written above the guitar staff at measures 15 and 21 respectively. An "accel." (accelerando) marking is placed above the guitar staff at measure 16. The score ends with a double bar line at measure 25.

Were You There

Arr. for guitar by Jim Nailon

African American Spiritual

The first system of musical notation for 'Were You There' is in 4/4 time. It features a treble clef staff with a key signature of one sharp (F#) and a bass clef staff. The treble staff contains a melody with eighth and quarter notes, and the bass staff contains a bass line with eighth and quarter notes. Chord symbols C*, Am, F, and G are placed above the treble staff. A large, stylized 'SAMPLE' watermark is overlaid diagonally across the page.

This arrangement has both F chord playing styles. If you can play thumb around for the bass, play pages 1 & 2. If you do the barred F chord, play pages 3 & 4.

The second system of musical notation continues the melody and bass line. Chord symbols C, F, C, and Am are placed above the treble staff. The notation includes various fingerings and articulations for both hands.

The third system of musical notation continues the melody and bass line. Chord symbols F, C, Em, G, and G are placed above the treble staff. The notation includes various fingerings and articulations for both hands.

The fourth system of musical notation continues the melody and bass line. Chord symbols C, F, C, and G are placed above the treble staff. The notation includes various fingerings and articulations for both hands.

* Chords are for harmonic reference only.

The musical score is written for guitar. It consists of four systems of music, each with a treble clef staff and a guitar tablature staff below it. The tablature staff has six lines representing the strings, with letters T, A, and B indicating the strings (Treble, Alto, Bass). The score includes various musical notations such as notes, rests, and fingerings. A large, diagonal 'SAMPLE' watermark is overlaid across the entire page.

** Though I usually prefer to my the left thumb (T) for the low F, I have rewritten and refingered the measures that used the thumb.

*** I prefer G natural here and in measure 37 (see meas. 3). It is possible to achieve the G natural by lifting part of the barre, but hold the bass.

When I Survey the Wondrous Cross

Arr. for Guitar by Jim Nailon

from a Gregorian Chant

Arr. by Lowell Mason

This guitar sheet music is arranged for a 4/4 time signature. It features a melody line in the treble clef and a bass line in the bass clef. The music is divided into four systems, each with a measure number (1, 5, 9, 13) at the beginning. Chords are indicated above the staff: C, G, C, G7, A7, Dm, G, F, G7, G, C, Dm, G, C, Am, Dm, G, C, G. The bass line includes fingerings (1-3) and a large 'S' watermark. The melody line includes fingerings (1-4) and a large 'S' watermark.

The image displays a musical score for the hymn 'When I Survey the Wondrous Cross (continued)'. It is a guitar tablature score, featuring a treble clef and a key signature of three sharps (F#, C#, G#). The score is organized into measures, with measure numbers 49, 53, 57, 61, and 64 clearly marked. Each measure contains a melodic line on a single staff and a corresponding guitar tablature line below it. The tablature uses numbers 0-7 to represent frets and includes various musical notations such as accidentals, ties, and slurs. Rehearsal marks (II, IV) are placed above the staff at measures 49, 53, 57, 61, and 64. A large, bold, black 'SAMPLE' watermark is oriented diagonally across the center of the page, from the bottom-left towards the top-right.

The musical score is presented in two systems per measure, with a treble clef staff for standard notation and a guitar tablature staff below it. The key signature is one sharp (F#). The score includes various musical notations such as notes, rests, and fingerings. The guitar tablature uses numbers 0-7 to indicate fret positions. The score is divided into sections: Verse 4 (measures 81-86), Antiphon (measures 93-97), and Verse 5 (measures 98-102). A large 'SAMPLE' watermark is overlaid diagonally across the page.

ABOUT THIS BOOK

The 86 hymn arrangements in the LGH come from my experience as both a Protestant and Catholic church musician over a span of 50 years. The arrangements always have two staves. The top staff is musical notation. The bottom staff is guitar tablature (TAB). I do not include the classical indications of encircled string numbers that show which string a note is played on, therefore music notation readers will have to look at the TAB directly below the notes to see when to move up the neck. I have also included chord indications on the top staff. The chords are given only as harmonic guidelines, but they are occasionally omitted when I felt it didn't make sense to include them.

The little numbers next to the musical notes on the top staff are just suggestions for the left hand (or right hand if you are a lefty) fingers. When I deviate from the standard fingering for a chord, it is usually to make the transition to the next chord smoother and easier for the player to maintain a legato sound during the chord change.

Though I usually play a full F chord by using my thumb on the bass note, I have fingered these arrangements, where possible, to use a barred F chord for those with smaller hands. I find it easier and quicker to play the F chord with the thumb around, but I realize many guitarists are classical purists or simply prefer the barre form. You will occasionally find an explanatory note by an F* chord in the notes.

Fingering for the A major chord in the 1st position always presents some challenges. There are at least 2 different fingerings taught in beginning guitar methods (1, 2, 3 on the D, G, A strings, or 1, 3, 2 for the same strings). I use neither fingering. I play the D and G strings with my first finger and the B string with my second. My finger indications for the A chord have changed through the years and, again, I omit the fingering entirely for that chord. Therefore, don't take any of my A chord fingerings too seriously. Play it whichever way feels most comfortable for you.

The TAB for some arrangements has note stems. Others do not. That is because of updates in the Sharpus software I use to engrave the music no longer allowed me to include the stems in later arrangements. I hope this inconsistency is not confusing.

With the Table of Contents on just two pages and by linking each title to its respective hymn and each hymn also linked back to the Table of Contents, you can quickly navigate between hymns when using this book on a tablet or computer. Also, you could conceivably have it printed out and made into a spiral notebook or a 3-ring binder. But you could also do a lot of work from my website where all these arrangements are free.

The Liturgical Index gives suggested hymns appropriate for different liturgical seasons or purposes. The Index titles are not linked to the hymns.

RESOURCES

Finding a good teacher who would be willing to use my arrangements as lesson materials is one of the best ways to proceed in mastering them, but I know that is not an option for many guitarists. I have made thorough tutorial videos for most of the modern hymn arrangements. The easiest way to view them is through my website, www.liturgicalguitarist.com.

On the **Hymnal** page of the website, you will find all the hymns in this book and more that are available at no charge. If there is a little movie camera icon to the right of each hymn title, click on it to view its tutorial. You can also find close to 100 arrangements of modern hymns, but I charge a small fee for them since I must pay the publishers a royalty for each of these hymns that I sell.

On my website you will also find a **Lessons** page that contains lessons for good technique and the basics of playing my style. There are three tutorials and sheet music for each lesson. Lessons cover both the plucking and playing hands, proper scale technique and arpeggios, and the basics of chord/melody style, which is usually how I make my arrangements. I begin with the chords of the hymn and see if I can play the melody while sustaining the chords. I also try to find the key that makes the piece easiest to play. As a result, most of my arrangements are in the keys of C, D, F#m or Em.

Lastly, the website provides a **Videos** page where you will find links to tutorial videos of songs that have no sheet music. You will also find tutorials teaching the introductions I play for some of the common hymn settings. On the **Blogs** page I post information about new arrangements and other thoughts on playing guitar. Finally, there is a **Store** page where you can purchase the sheet music of my modern hymn arrangements and purchase my CDs in either physical or digital format.

ABOUT THE AUTHOR

My mission is to enhance the practice and status of the guitar as an instrument of liturgical worship by providing accessible and musical arrangements of hymns suitable to use as preludes, postludes and musical interludes.

I was raised Southern Baptist and have also been a Methodist and Lutheran in the past. I converted to Catholicism in 2000. I had been playing in my parish church, St. Rose in Longview, WA, for a couple years prior. I would usually play a few hymns on solo guitar as preludes before Mass. Rick Green, a guitarist in a doctor's musical group at my parish, wanted to learn my hymn arrangements, which meant I had to start writing them out. Before that, I had just been working hymns out by ear from the choir book, playing them freely in my style.

While I do have a degree in guitar with classical emphasis, I am a folk guitarist at heart. I once wanted to play like Leo Kotke or Chubby Checker, but God didn't give me the extra angels on my fingertips required to play at that level in either folk or classical styles. My playing style has evolved to a mixture of both folk and classical.

As I mentioned in the previous section, I usually play with a chord/melody approach to the music. Within that framework, I also think of the music in 3 parts: melody, bass line and inner voice. I do like a flowing sound and use lots of eighth notes to fill the inner voice between the bass and melody. I try to keep the melody clear and strong, louder than the bass while keeping the inner voice softer of all.

Lastly, I've never envisioned my arrangements as classical pieces that should be played note for note. I don't even do that myself. I view them more as musical sketches. If there is a passage that you find too hard to play, I'm free to simplify it to make it easier for you. Whenever I add extra to a hymn, I usually try to make them interesting by adding a few little variations. I do this to give guitarists new musical ideas so they can grow in their own guitar playing. Many of those ideas are not to your liking, just play the passage as it appears in the first version or modify it to better fit your playing style. And if my ideas are too simple, feel free to add your own.
